To whom it may concern:

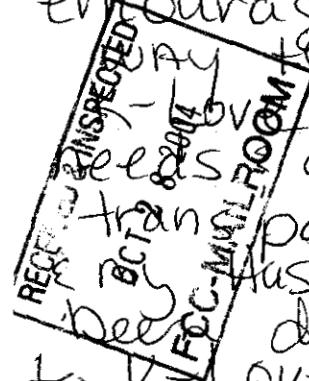

1.) K-Love (^{Positive} ~~encouraging~~) radio station serves me from the moment I wake up in A.m drive my car all day and in home P.m.

2.) I know so many people young age 9 to my age 46 that ~~that~~ listen to K-Love every day for encouragement & to go to sleep. If it were taken away, who knows how dis encouraging that could would be.

3.) I believe that K-Love serves the

community out of a
selfless love for
others & ~~their~~ needs
of others. I am so
encouraged in the

way the staff of
Pray for
cells are so
transparent. Me
& my husband have
been devoted listeners
to Love for over 6-7 yrs
and stand behind it.
Now my grandson
says he goes to
sleep with it on.

Federal Communication Commission
MB Docket No. 04-233

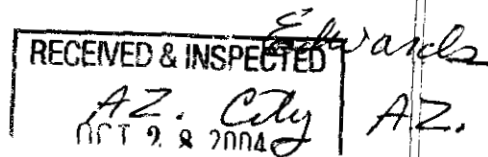

Dear FCC

- 1) We were in shock to find out the FCC is trying to shut down our Christian Radio Stations K-Love (105.5 & 100.9). These stations we listen to at all times, at home, in our vehicles. It uplifts us, keeps us on a even track with our Lord Jesus Christ keeps us grounded in Christ.
- 2) Local communities of Casa Grande AZ, Arizona City AZ, Elay AZ, Coolidge AZ, Tucson AZ and all other surrounding towns, it would be devastating for the Christians of

These communities ~~FCC MAIL ROOM~~ other
non christians come to know
our Lord. These communities
will suffer if you the FCC
decides to pull the plug on our
K-Love stations of (105.5 & 100.9).
3) The public needs a Christ
centered radio station to bring
the non-christians to Christ.

Sincerely

Carl & Sharon

10-21-04

Re: MB Docket No. 04-233

I am writing to express my great concern over the idea of giving LPfm stations priority over current fm translator service. The only radio I listen to is K-love at 88.5 out of San Luis Obispo / Santa Maria, CA.

Klove serves me as a resident of the local community by providing news, music & short commentaries that are available nowhere else. The news is brief without the gory details & there is nothing questionable that would offend me or children listening.

There would be a huge negative impact on our local community if Klove was displaced. I personally know over 200 people who listen. I am sure that is an extremely small fraction of those who listen.

Klove provides a valuable service to the public. As mentioned above the news, features & music are clean & family friendly. Any one can listen, it is safe.

Please do not take away Klove's ~~ability~~ to use fm translator service.

Sincerely,

Jan E. Jones

7255

REGARDING MB DOCKET NO. 04-233
Comment on Localism campaign
To whom it may concern:

I have been listening to KLOVE Radio since 1996. Their broadcasting over FM Translators have comforted and encouraged me and my friends and family during very difficult times. When I was treated for chemotherapy I had to drive 200 miles every month for treatment - As I would lose the signal from Eugene, I would adjust to the translator in Albany, Salem and Portland. The music and positive family friendly talk and information was at times the only hope I had. Now that I live in the small coastal town of Tillamook, OR, I rely on those translators to get that encouragement. I know of many people in this area who rely on KLOVE Radio - without it we will lose a much needed positive influence of family friendly music and information. We hope

you will not displace KLOVE by an LPM broadcaster. Other broadcasters have music, DTS and commercials that are not safe for children's ears, some use obscenities, sexual innuendos and don't provide the love and encouragement and positive influences KLOVE has. Please don't allow LPM to take priority over our current FM translator services here in Oregon. I live in a very economically depressed state where most of us are struggling so much each day, and KLOVE is such a bright light of hope against the odd. Thank you for your time. God Bless you.

Sincerely,

Charles and Susan
Sander Family

Re: MB Docket No. 04-233.

To whom it may concern at the FCC:

I am responding to the request for public comment on the issue of the FM translators and the LPFM stations expansion. I have a vested interest in the K-Love station that comes in in my area on 96.9 FM; 104.3 FM and 102.3 FM are also stations in my area that K-Love is heard on. As a resident of the local community, ~~and~~ I feel that K-Love serves in vital ways. K-Love is a family friendly station. There is no need to worry about foul language, crude humor, or unclean dialogue between the radio personalities. They also serve by being an encouragement to the community. If my local K-Love station were to be displaced by an LPFM broadcaster providing other programming the local community would be effected. Children may not have access to such positive and encouraging radio. K-Love is uplifting. K-Love's service is invaluable to the public. Besides being positive and encouraging, K-Love provides 24 hour assistance in counseling for those in need. There are people willing to pray for the needs of others. K-Love is fun too! I love the music they play and the topics the DJs talk about. I like the positive outlook they give the news stories also. K-Love is important, not only to the community, but to my family and me as well. Please do not force K-Love off of the air in any city, especially not mine.

Sincerely,
Stephanie Knight

Re: MB Docket No 04-233

To the FCC:

Concerning: MB Docket No. 04-233

We are sending this letter because we are concerned that low power FM stations may take priority over current FM translator service. Our family listens to K-LOVE, a station that is often heard on FM translators. We listen on a daily basis, and are encouraged by it. We will be very disappointed if we are no longer able to hear it in our area. We feel that this station has a positive effect on our community, on people of all ages. If it is replaced by low power stations, we fear that the quality of station we are used to will ^{not} be there. We ask that you do not make low power FM stations have priority over current translator service.

Thank you,

Ronley, Lisa & Keith Ropp

MB Docket #04-233

Dear Sirs,

Please allow K-LOVE to stay on the air. There are not many positive and clean radio stations for young people (and people like me, young at heart) to listen to. Just yesterday the local "smooth jazz" station changed formats to - RAP. and it is of no use now.

If K-LOVE is replaced by a LPFM we will lose the positive effect of a outlet that allows us to be part of a national community that shares the same exciting music.

K-LOVE encourages me and my teen age sons in a "Do-Right" way - Please "Do-Right" And let us continue to Hear K-LOVE.

Respectfully

Jack Walden Jr

MB Socket No. 04-233

Reader or Madam,

Please in your kind hearts, I need
K-Love Radio Station and the community.

Its gospel music, sends out a positive
and informative message.

Its hard enough to try and listen,
in Oregon the mountain and snowy
weather can interfere. I keep trying.

Its not fair to any community
wanting to find a radio station
thats wholesome. Dont take it
away. There's enough evil music
that sends no positive message.

For the future of all our retirees,
widows, young adults and children,
keep K-Love operating. God Bless you +
Keep you Safe.

Mrs. Comasally

Washington, DC 20554

Reference: MB Docket No. 04.233

October 21, 2004...I am responding to the...Low Power FM (LPFM).

These stations have been in existence for several years.

It is my understanding that the FCC is now proposing to expand this service in a way that would allow these new LPFM stations to take priority over *current* FM translator services. Many advocates of LPFM feel that there is little value in national or regional services such as

K-LOVE, which is often heard on FM translators.

Hundred of thousands of people listen to K-Love on these FM translators. These translators will be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service.

K-Love...offers to our community a ministry of God's message thru music 24 hours...7 days a week...PLUS much more!!

K-Love...is received on-line to our Military personnel in Iraq and throughout the world.

L-Love...NEWS presented is NEWS...not personal opinion!

The residents of Arizona cities and the neighboring communities of Phoenix/Tucson/Casa Grande are stating that K-Love is in our public interest and it would be devastating to our communities to have K-Love forced off the air through your new proposal for LPFM!

Sincerely,

K-Love listener and supporter,

Julie C. Pollok

Dear Sirs,

I am writing in support in support of K-LOVE radio which serves Grants Pass at 88.7. I listen to this radio station for hours each day. It provides a service that no other station in the area provides. I would be very disappointed if K-LOVE was displaced by an LPFM!

Grants Pass needs a family friendly radio station like K-LOVE! It is in the public interest to keep this radio station on the air. With this station, I never have to worry about what comes on being offensive even to small children. K-LOVE provide positive programming that I appreciate.

Sincerely

RE: MB Docket No. 04-233

Dear FCC,

It has come to our attention that LPFM may be coming to our broadcast area. This may force hundreds of thousands of K-LOVE listeners to no longer be able to pick up a signal.

Our family is ***strongly opposed*** to this proposed change. K-LOVE provides a source of wholesome music and commentary to businesses and families. Children and adults alike need to be influenced and encouraged with the hopeful and healthy messages that are sent over the airwaves by stations like K-LOVE.

Many times, at crucial points in our lives we have been inspired and encouraged to keep going and keep a positive attitude about life and life's issues by listening to K-LOVE. There would be a profoundly negative impact on the community businesses and families if the LPFM stations were allowed to take priority over the FM Translators.

I have heard K-LOVE being played in many businesses across the Oklahoma City Metro and the positive messages in the music as well as the commentary is a strengthening element to the fabric of the community. When uncertain, fearful and tough times hit, it's vital to the American public that strong messages of hope and brotherly love are going out and into the hearts and minds of the American people. Remember the Oklahoma City Bombing, remember 9-11; K-Love and other Christian stations were on the air sending forth messages of hope and rallying people around the leadership, victims and victims' families, with prayer and hope.

We appreciate your attention and consideration of our heartfelt request to not allow LPFM stations to take priority over our current FM translator service.

Respectfully,

Scott A. & Yvonne Spurlin

TO: FCC

REFERENCE: MB Docket No. 04-233

Oct. 22, 2004

FCC,

I have been a K-Love listener since 2001, which is when we moved to Mountain View. I have two young boys that I am raising and K-Love is a vital companion on our drive to and from school, and at home. K-Love is a comfort and offers encouraging songs and words from the people that work at K-Love. Please do not replace K-Love with any meaningless radio filler. We have plenty of radio stations that offer meaningless exchange of communication and offensive language. Personally as a parent of two boys, 5 and 10, I turn the radio off when there is nothing of substance or intelligence to offer my impressionable boys.

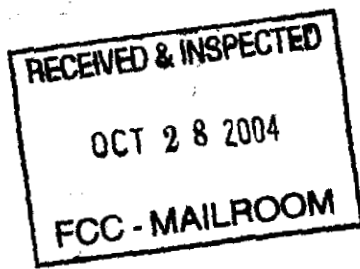

In the past 3 years we have donated whatever we could to K-Love and this radio station continues to offer supportive words to my children and I on 91.9 FM. When we have faced difficult days, as so many people do, K-Love has been with us to offer uplifting encouragement. The only other SAFE radio station I choose to expose my boys to has been a classical station.

K-Love means a lot to me as well as other listeners, please do not take K-Love away from us!

Sincerely,
Gloria Fabre

I also wanted to include that K-Love is also teaching my boys about what matters most, that God loves us and Jesus died for our sins.

Gloria

To the FCC:

This letter is in reference to MB Docket No. 04-233. I am writing to let you know what the radio station K-Love means to me + my family. I have a family of 6, with 4 daughters. We don't allow the girls to listen to much of the other radio stations. K-Love is an honest, non-biased, non-filth station which we all enjoy + love. I don't have to worry that they may hear unsuitable comments like those on the Bob + Tom show on our other local station. I know many people here in our community who also enjoy Christian music and listen to K-Love.

We need this alternative. Not having this choice is like making people eat donuts and not protein. It may sound appealing, but for the body, it has very little value. Please don't remove KLove.

Thank you

Kim Kent

"MB Docket No. 04-233"

My name is Linda Williams and I live in Omaha, Nebraska. I have been made aware that I may not have K-LOVE Radio to listen to in the future. This saddens me since it is such a positive station on the airwaves. Our community needs the family values of K-LOVE. Personally, I listen to it every day and it has comforted me with music, inspirational messages and the prayer line. Please don't remove K-LOVE from our area, our community needs to hear of God's love in this troubled time. Thank you for hearing my concerns.

Linda Williams

DC-18.1.1

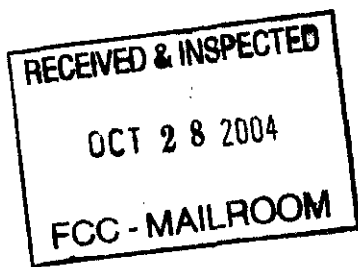

I'm writing in regards to
the MB Vocket NO 04-233
you see K-Love Radio operates on
one of the Lowpower fm's
if you was to take away
K-Love from SLL, it would be
a shame. As for me and my
family and anyone else that
gets in my car, its open communication
for Jesus talk. People that would
normally not ask a question or know
that God isnt boring and his
music doesnt have to put you
to sleep. I take 7 kids with me
to school every morning and
for a few of them, thats the
only time they get to learn
about God. To me, K-Love is my
life line so to speak to peace
if I having a bad moment,
I can always count on getting
into my car & the right song
will play or they will quote exactly
I needed to hear.

I have 3 children of my own
13, 8, 7. Right now they need to
have to "word" everyday &
Sometimes they just don't want
to listen to what I have
to say, but Singing about it
in the car is exactly what
they need.

Please reconsider taking the
lower powered Stations away,
especially one as important as
K- love

Thanks

K-Love serves the community with great music which is very uplifting and encouraging with no commercials.

If K-Love were to be displaced by an LPFM broadcaster with other programming, the effect on the local community would be potentially very negative since other stations are not nearly as upbeat, 24 hours a day.

We are a doctor's office, and stress involving the subconscious mind is a major health issue in this country. Undoubtedly, listening to K-Love provides positive input to the mind.

Sincerely,

From: Mr. Dante & Aurora Perez
P.O. Box 1995
Glendora, Ca, 91740
Re: MB Docket No.04-233

To: Federal Communications Commission,

Recently I've been aware of one of the following radio stations "Air 1" is under the consideration of having it be transitioned to a Lower Power Frequency Module (LPFM) for our region.

As a resident of this local community of Glendora/SanDimas, California, I would like to express my concern with such choices. I would like to discourage the FCC from such transition to lower frequency for the following radio station. As a citizen there is much that can be expressed about what is communicated in our air waves through many radio stations, however, my preference to this station is bias on the basis that it is a good change to listen to spiritually poetic music that transcends messages of positive living. Sure! Communication is the freedom of expression with most listeners whom have their own preferences & by no means should it be taken away from their personal listening enjoyment.

LPFM should be left just at that! for non resourceful Talk subjects that can and chose LPFM communication as an option, nevertheless, Air 1 has publicly demonstrated the opposite affect. Private funding for this station has made it possible to keep them in their HPFM, instead FCC is making a choice to modify this station to LPFM. If anything, I think it should be cranked up a notch or so into more intense frequency! I would like to listen to more positive music from this radio station (Air 1) and less FM frequency static. Every community has their preference & choice. The music & message from Air 1 transcends not only to adults like I but to young adolescents who have a choice to listen to positive album music alternative with a moral and spiritual message that communicates choices of good, bad, & the ugly.

Washington, D.C. 20554

RE: MB Docket No. 04-233

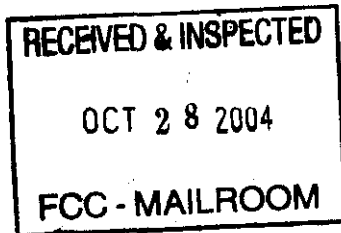

Dear FCC:

This letter is being written to let you know how much I value the K-LOVE radio station. K-LOVE serves myself and others in the local community by providing upbeat, positive Christian music and inspiring messages. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, the loss to myself and the community would be in not having this station as a choice. We have multiple stations which provide mainstream music which can contain offensive or suggestive language yet we have only one Christian station with positive and encouraging music and messages. K-LOVE is in the public interest because the station provides an alternative to the mainstream stations that people can listen to that has a positive message.

Please keep the K-LOVE signal in place in all the areas that they serve. Thank you for your consideration.

Sincerely,

Kathleen Hart
8539 S. Miller Way
Littleton, CO 80127

Dear Sandy

An important issue affecting the future of K-LOVE and **you** is now being considered by the Federal Communications Commission (FCC).

The FCC has introduced a new broadcast service known as Low Power FM (LPFM). While these LPFM stations have been in existence for several years, the FCC is now proposing to expand this service in a way that would allow these new LPFM stations to take priority over current FM translator service. Many advocates of LPFM feel that there is little value in national or regional services such as K-LOVE, which is often heard on FM translators. Hundreds of thousands of people listen to K-LOVE on these FM translators. These translators could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service, perhaps leaving you without your K-LOVE signal.

I need your help! The FCC is currently requesting public comment on this and other issues as part of their "Localism" campaign. Please register your comments using the following on-line address, exactly as shown: http://gulfoss2.fcc.gov/prod/ecfs/upload_v2.cgi (character between upload and v2 is an underscore - not a space). Electronic filings must include "04-233" in section 1, "Proceeding". Where you are asked for "Document Type," in section 12 choose "Comment." You may also write to the FCC, 445 12th Street SW, Washington, DC 20554. By letter, please reference "MB Docket No. 04-233."

It is important that you include the following three points in your comments to the FCC:

1. How K-LOVE serves you as a resident of the local community.
2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.
3. Why you believe that the service provided by K-LOVE is in the public interest.

The window of opportunity for comments is very short as you can only make comments until November 1. Without your help, the K-LOVE signal, in many areas, serving hundreds of thousands of listeners, could be replaced by an LPFM which may not have the same family-friendly programming you have come to enjoy. You know that K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. **Please**, send your comments to the FCC today to help preserve this service that you value. Let's continue to pray together that K-LOVE will not be forced off the air in any area we serve. **Thank you for your help!**

Dick Jenkins
President

In your area, K-LOVE is heard on 102.3, 104.3 and 96.9.

FCC,

Please do not let K-LOVE be replaced by an LPFM station. There is enough sorrow in our world. Let K-LOVE continue to help make part of it happier and continue to play the music and ministry that gives so many hope. God Bless Our USA
